MERCHANTS PETITION COUNCIL TO ENACT CITY RULE CLOSING DALY CITY STORES ON SUNDAY

Merchants Assn. Has Planned Sunday, Holiday Closing For Many Months

Daly City Merchants Association committee on Sunday closing met, Monday evening of this week, to draw tentative proposals for an ordinance dealing with the closing of community stores on Sundays and holidays. Petitions asking the city council to pass the proposed ordinance have been circulated this week among local business men and the council is scheduled to consider the document, Monday of next week.

For sometime past the merchants of Daly City have considered and discussed a Sunday plan but no effective action had been taken until recently. The present proposed ordinance includes the following provisions:

The operation and conduct of food stores, meat markets, dry goods stores, clothing stores, vegetable stores, shoe stores, hardware stores, barber shops, or stores in which shoe repairing is done within Daly City on any Sunday or legal holidays shall be prohibited.

It shall be unlawful for any store to keep open, within the corporate limits of Daly City, on Sunday or any one of the legal holidays known

FISHING DAYS ARE HERE AGAIN FOR FLY FISHERMEN

WPA Project Teaches Youth The Art Of Tying Flies

Are you a dry fisherman or wet?

Just ask any boy who ever attended any of the fishing recreation classes at the San Francisco Boys Club in San Francisco and he will look at you with unutterable scorn. Dry, of course. A bent hook and a worm might be all right for the ignorant but take a real fisherman, he uses flies, and what's more he ties his own flies. If any country boy thinks the city slicker can be fooled on his fishing, well, he's the one that's all wet!

It all happened because a mining engineer's health failed him and he couldn't continue his professional work. Eventually he became a Works Progress Administration employe, assigned to the Recreation Program.

The supervisor scratched his head

President May Come To 1939 Worlds Fair

Probability that President Franklin D. Roosevelt will come to San Francisco in 1939 to visit the Golden Gate International Exposition, was expressed here this week by officials of the fair.

A member of the executive committee of the fair said that "the president asked me if I could wangle him a pass, as he was counting on coming out to San Francisco in 1939 to visit the exposition."

The Japan government has announced official participation in the 1939 Golden Gate International Exposition.

For Once Monday Is Really Longest Day

Monday is famed for being "the day after," a long wearisome period due to fatigue caused by week end festivities.

Daly City people who found Monday of this week longer than even most unending Mondays may be ~~interested to~~ learn that there is an explanation. Monday, June 21, was the first day of summer, the longest day in the entire year.

The sun rose Monday morning at 4:47 a. m. and did not set until 7:35 p. m., according to statistics of the department of commerce and geodetic survey.

FAIR TO BRING VISITORS AND MONEY TO WEST

Tourist Expenditures During Exposition Expected To Hit Billion Dollars

An avalanche of money—more than one billion dollars—will engulf the entire West in 1939, and the Golden Gate International Exposition is one of the principal factors in unloosing this cascade of currency, it was stated by authorities this week after figures compiled by the survey department of the Exposition were analyzed.

LARGE DIVIDENDS

The lure of the West paid enormous dividends in 1936, when tourists spent approximately $750,000,000 in eleven Western states. With the Exposition and the two great bridges over San Francisco Bay waters as added attractions, expenditures of visitors in 1939 are expected to swell this total to more than $1,000,000,000.

Included in this billion dollar figure are the monies to be paid for admissions to San Francisco World Fair, and the money that will be spent at Treasure Island, site of the

QUEEN ELEANOR TO LEAVE SOON FOR HOLLYWOOD

Miss Price Has Expressed Appreciation For Trip To Merchants

Culmination of the Daly City Golden Gate Fiesta Celebration Queen Contest came, Friday evening of last week, at the Daly City Theater, when Queen Eleanor Price received her enscrolled gold crown and her reservations and arrangements for a trip to Southern California. Although Miss Eleanor was coronated at the close of the queen contest, June 1, she did not receive the official crown of the Golden Gate Fiesta until last week.

As plans now stand Eleanor, accompanied by her mother, will leave for Hollywood, July 7. Here Queen Eleanor will visit the major studios. She will see spots of interest in Los Angeles. For several days Eleanor plans to stay at beautiful Catalina Island.

"I sincerely appreciate this opportunity to have such a wonderful trip to Southern California. I want to thank the Daly City and Colma merchants who made possible the Daly City Queen Contest. We certainly had a lot of fun while the contest was going on and one could ask no more than a fine trip for first prize," said Eleanor, when interviewed last Friday evening.

The Daly City Queen Contest was held in connection with the Golden Gate Bridge Fiesta activities. Thirty attractive young ladies from Daly City were entered in the competition.

500 Nurses Convene In Five Day Session

Representatives of the nurses of San Mateo County this week participated in the five day convention for California Nurses at San Jose.

Organizations represented at the convention, which was attended by 500 nurses, included the California State Nurses Association, California State Organization for Public Health Nursing, and the California League of Nursing Education.

San Mateo County Health Nurse Hilda Schneider led a discussion on nursing legislation at the convention, Tuesday of this week.

WHITE STRIPING IS BEING DONE FOR SAN JOSE

Safety Spots Established—Consider Overhead Lite For Widened Road

White traffic lane stripes are being painted on San Jose avenue this week and safety stations for street car patrons are being painted at each intersection.

Pedestrian lanes will soon be indicated at cross streets. Engineers and local officials have planned an effective safety measure at the dangerous Mission street and San Jose avenue intersection. They plan a pedestrian lane from the bank to the north corner of Bepler street and San Jose avenue and one from the bank to a point directly across Mission street approximately 100 feet north of Wellington avenue. These lanes will discourage diagonal crossing of pedestrians at the wide inter-

CITIZENS OF SAN MATEO COUNTY PASS AMENDMENT AND APPROVE PLAN FOR MANAGER ELECTION

Treasurer, Engineer, Tax Collector, Recorder And Coroner Returned To Vote Status

Carried by heavy support in the north end and south end unincorporated districts the proposed county charter amendments in their original form were approved in the special election that drew but 27 per cent of the county electorate to polls, Tuesday of this week.

A second proposal on the ballot, inserted by the Board of Supervisors and providing that the office of county executive retain its appointive status, was turned down.

RETURNS

Election returns gave proposition No. 1, making elective the now appointive offices of executive, treasurer, recorder, engineer, coroner and tax collector, the following vote:

	Yes	No
No. 1	6785	5289

(1496 difference)

Proposition No. 2, which up to the time when north end returns were brought in appeared a very close race, was turned down:

THE BADEN CLUB INSTALLS PHOTO FINISH SYSTEM

New Device Is Much More Sensitive Than Those At Horse Tracks

By aid of a super speed camera, hyper sensitive film and use of 20,000 watts of light, Baden Kennel club today had perfected and put in operation the first photo finish for dog races in California. The device was placed in official use Thursday night of this week.

The photographic device, which actually stops the motion of the fleet greyhounds on the film as they cross the finish line, will remove all question regarding the position of dogs in the close finishes which provide the thrills of the sport of queens.

While photo finishes are comparatively common on horse race tracks, problems confronting photographers at the greyhound tracks have been considered insurmountable until the installation of the photo finish system constructed at Baden.

The camera, its exact position opposite the finish line fixed by surveyor's transit, turns out its super sensitive 16 millimeter film at the rate of 128 frames per second, with

NEW PLAY WILL OPEN JUNE 29 AT THE ALCAZAR

"Pursuit Of Happiness" Opens For Limited Engagement

The Declaration of Independence declares for all, the rights not only to life and liberty but the pursuit of happiness as well. On this passage in the greatest of all documents of the American people is based the theme and plot of one of the rarest romantic comedies of recent years, "Pursuit of Happiness," a play that opens at the Alcazar Theater in San Francisco next Tuesday, June 29.

The pick of the entire acting personnel of the San Francisco Theater Project has been placed in command of eleven roles. The direction is by Bernard Suss, ace director who has staged "Pursuit of Happiness" four times in different parts of the United States.

The play has to do with the quaint old custom of bundling. Max Christman, a handsome Hessian finds himself in a Connecticut village in the year 1777 after deserting his British regiment. He deserted after giving the Declaration of Independence a close study.

The pace is fast, the situations side splitting and the lines hilarious at times. The play was a great hit when produced in New York. It was Francis Lederer's first screen play after coming to this country and by many considered his best.

"Pursuit of Happiness" will have a limited engagement.

Music Concert At Alcazar Theater

An unusual opportunity is being offered to San Francisco music lovers on next Monday night, June 28, to hear one of the seldom given oratorios, namely "The Beatitudes" of Cesar Franck. This magnificent work is scored for full orchestra, chorus and soloists. For the past several weeks the chorus and soloists have been preparing this great work, and ensemble rehearsals with orchestra are now in full swing.

The Music Project hopes that their friends and supporters will keep in mind the Monday night concert at the Alcazar Theater, at 8:20 p. m.

EXPECT STATE FAIR TO EXCEL FORMER RECORD

California Event To Be In Session September 3 To September 12

The 83 year old California State Fair is being groomed to break even more records in 1937 than the record shattering fair of last year. The new secretary manager has surveyed all prospects and declares every department is prepared to excel.

Entries for the annual race classic include outstanding favorite horses from widely known tracks. Purses of more than $40,000 are the greatest in the history of the fair. A current hit from the New York Hippodrome, Lottie Mayor's Disappearing Water Ballet, has been obtained for the night show and will leave for London after filling the fair engagement.

a shutter speed approximating one-five hundredths of a second. Its lense was developed especially for the difficult task.

Greyhounds in full flight travel about 51 feet per second, yet the magic camera catches each movement as they move up to the line.

After the pictures are exposed the two operators in the camera house must develop and fix the film, and make enlarged prints and have them in the hands of the judges within three minutes of the finish of the race. They must work entirely in the dark because of the high degree of sensitivity of the materials with which they work; they wear rubber gloves, rubber aprons and goggles to protect them from the powerful chemicals used in the rapid fire process.

All the racing fan sees is a 15-foot tower, located about 25 feet back of the inside rail. As the dogs go into the far turn, two powerful 5000 watt reflectors light the finish line. After the race they may see prints of the photo finish in the grandstand. Baden which pioneered with the glass starting box, the mechanical option selling device, and the safety hurdles, leads again with the first photo finish for greyhound racing in California.

N. M. Lewis Takes Over Church Duties

Grace Church of the Nazarene is now supervised by Rev. N. M. Lewis, a new pastor, former resident of the State of Washington.

Rev. N. M. Lewis.

Rev. Lewis invites all who have need of pastoral services to contact him at the parsonage, Santa Barbara and Vista avenues, or his home, 357 Westlake avenue, phone RAndolph 7080. He will always be glad to help any who may need his aid at the time of death, marriage, baptism or for spiritual advice.

Grace Church Has Complete Schedule

Daily Vacation Bible School of the Grace Church of the Nazarene, Vista and Santa Barbara avenues, is well attended, according to enrollment statistics. One hundred and seven children enrolled the first day of the session, Monday of last week. A daily average attendance of 122 is now maintained.

Bible drills, memory work, songs, handicraft and supervised play are some of the features of the program.

REGULAR SERVICES

The regular weekly program for the Grace Nazarene Church includes:

Sunday school at 9:45 a. m., classes for all ages; morning worship, 11 o'clock, the pastor in charge; N. Y. P. S., 6:45 p. m.; evangelistic service, 7:45 p. m., the pastor will preach; prayer meeting, 7:30 p. m. Wednesday; choir practice, 7 p. m. Friday.

Exposition, at concessions. Conservative estimates presage the passing of 20,000,000 persons through the Exposition turnstiles. It was predicted that visitors to the fair itself would spend at least $60,000,000 while it is in progress.

MORE MILLIONS

No method of compiling statistics has been perfected to show the by-paths of this enlivened currency, gaining, as it does, in scope as it gains momentum. Additional millions will be spent by exhibitors, the money coursing in many channels. Other millions will be turned into the marts of trade by the simple process of exposing the consumer to the manufacturer. Still other millions are expected to settle in the West by reason of the fact that the Exposition itself will be a sort of a proving ground, to demonstrate that the West, with its inexpensive power and its ever increasing population, is the logical territory for the expansion of industry.

Head-On Collision Brings Injury To 7

Seven persons were injured in a head-on automobile collision which tied up heavy traffic for an hour on El Camino Real between Tanforan and Millbrae shortly before 9 o'clock, last Sunday evening.

The cars, driven by Paul Buckholz, Millbrae, San Francisco water department employe, and Gus Panas, 64 Winfield avenue, San Francisco, crashed at Forest lane and the highway.

Injuries to Buckholz and Panas, who were taken to a San Francisco hospital, were not learned. Three passengers, treated at Mills Memorial hospital in San Mateo were Loretta Pitman, 440 Capp street, San Francisco, possible head injuries; Pattick Foran, 125 Grafton avenue, San Francisco, cut scalp, and Louis Cotsikas, 3228 Twenty-second avenue, San Francisco, cuts and bruises.

Two other persons, whose names were not learned, also were said to have been injured.

Make Aerial Maps Of Calif. Farm Land

Over 20,000 square miles of California farm land will be mapped from the air this summer as part of the 1937 Agricultural Conservation Program, according to word received in the regional office of the Agricultural Adjustment Administration in San Francisco.

The AAA has opened bids on contracts for aerial mapping in all or parts of Colusa, Butte, Glenn, Sacramento, San Joaquin, Stanislaus, Sutter, Merced, Yuba, Yolo, Placer, Solano, Fresno, Imperial, Kings, Kern, Madera, Monterey and Tulare counties. Ground maps will be used for other portions of the state.

The 20,000 square miles to be mapped in California are part of the 350,000 squars miles throughout the country that will be mapped under the AAA conservation program this year.

Contracts for aerial photography have already been awarded covering a total of approximately 60,000 square miles in other western states which include Washington, Idaho, Utah, Montana, Wyoming and Colorado.

Commission Denies Increase Of Rates

Daly City residents may still ride Market Street Railway cars to downtown San Francisco for 5 cents, but a crosstown transfer will bring their fare to 7 cents, according to the rate decision reached by the California Railroad Commission, Tuesday of this week.

The commission denied the application of the Market Street Railway for a 7 cent fare, but granted the company permission to charge 2 cents for each transfer issued.

Chief grounds for denial of the company's application to charge 7 cents for single rides, or 25 cents for four, were that the railway would have to charge its patrons an additional $1,350,000 to obtain $350,000 in revenue.

This was based upon estimates in the record that large numbers of Market Street Railway patrons would use Municipal Railway lines in case the fare increase were granted. The remaining Market Street car riders would have to make up that loss, estimated at $1,000,000, and in addition provide the $350,000 increase the company expected to realize.

"The commission has concluded that the existing 5 cent fare, in combination with a 2 cent charge for a transfer, affords the greatest promise for the most favorable results to both the traveling public and the applicant carrier," the opinion of the regulatory body concluded.

FISHING DAYS ARE HERE AGAIN FOR FLY FISHERMEN

WPA Project Teaches Youth The Art Of Tying Flies

and wondered what a mining engineer with highly technical training, moreover an older mining engineer who was rather discouraged and blue about the path fate had led him, could do for recreation. It transpired during the course of interview that our mining engineer was an ardent exponent of Isaac Walton; he was an angler, and he tied his own flies.

The supervisor called the San Francisco Boys Club. "Do you think your boys might be interested in fly tying."

"What?"

"Yes, flies—f-l-i-e-s. For fishing, you know."

"Oh!"

They thought they might.

So the mining engineer went over. The first day there were about three boys; the next day there were twelve. Within a week the classes, day and night, were filled to capacity.

The boys went home and told their fathers. The fathers came, too. They went on field trips to practice casting; they visited fishing boats and learned about commercial tackle. They tied flies and in the way of fishermen, argued the merits of their particular favorites. And every day the attendance grew larger.

Fathers called to say it was the first time that they had ever gotten really acquainted with their sons. Mothers called in to comment on the increased spirit of family interest.

When our mining engineer left they were sorry for themselves, but happy for him, for though his contacts as a WPA recreation leader teaching angling, he was offered a permanent job in private industry. Perhaps the end of the story is the best.

In San Francisco's Golden Gate Park fly casting pools are being built for fishing enthusiasts, a movement started in part by the interest stimulated by just one man.

Throughout California supervised recreation is bringing to the individuals of each community, both children and adults, renewed interests.

The Works Progress Administration has on its State Recreation Project payroll some 6000 workers assisting 250 communities in 1038 playgrounds throughout the state. Expansion of activities of local organized recreation has been made possible through personnel increase.

TO WED IN S. F.

Three residents of Daly City, Tuesday of this week, filed notices of intention to marry in San Francisco.

Applying for marriage licenses were Walter N. Stevens, 21, San Francisco, and Evelyn H. Welden, 18, Daly City; Charles D. Wright, 21, San Francisco, and Janet G. Briggs, 21, Daly City; and Lonnie T. Lowe, 32, Colma, and Irma L. Hayek, 40, San Francisco.

VISIT HERE

Mr. and Mrs. Bob Hitchcock and son Jerry of Portland, Ore., were guests, Sunday of this week, at the home of Mrs. M. Bingman and daughter Lee of Hillcrest drive. The Hitchcocks are making a tour of the United States which will include Florida and the Eastern states before returning to their home in Oregon.

Interests In Hobbies Increase Under WPA

The head of the San Francisco Recreation Commission claims that the greatest contribution the WPA has made in the field of recreation is development of hobby interests for both children and adults.

With approximately 6000 workers in the Works Progress Administration State Division of Recreation the scope of activities in 1038 playgrounds of 250 California communities has been broadened to include many phases. "Hobby Day," Wednesday of this week, held in connection with Public Recreation Week proclaimed by Governor Frank F. Merriam for June 21 to 27, inclusive, featured hobby interests.

One city has its bee man. Bees were his hobby, and bare headed and bare handed he went bee hunting. In the inquisitive manner of small boys, the youngsters on the playgrounds found out about his bee hobby and like the Pied Piper of Hamlin he developed a following. He took the boys bee hunting and taught bee culture as a WPA recreation leader. Next he showed them how to build hives. In his community every boy (in fact every man, woman and child) with a backyard is raising bees of his own.

Plans Polar Hop

Jimmy Mattern

Jimmy Mattern, famed American flier, who recently announced he would attempt a non-stop flight from Oakland, Cal., to Moscow within the next three weeks. Mattern made his announcement at a luncheon in honor of the three Soviet airmen who flew from Moscow to Vancouver, Wash. The plane he will use on the flight holds only enough gasoline for a 5000 mile trip, but Mattern plans to refuel while in the air over Fairbanks, Alaska. He plans to hop alone.

South San Francisco Playwright Lectures

Bryde Therese Convery (Mrs. Alan Convery), South San Francisco playwright and author, has been signed for a series of talks over station KRE, Berkeley, in connection with the summer school conducted by the Women's Educational Institute, Berkeley.

Mrs. Convery, whose latest play "Cruise de Luxe" is now running in England with the London and Provincial Theater Guild, and who has another play, "Elixir of Youth," in course of production by Stage Incorporated, of New York City, will discuss the four salient points of a good play: plot, dialogue, atmosphere and climax. She will read from some of her own plays.

Sessions in music, Spanish and French literature, poetry and art will also be conducted during July and August at the Cora Jenkins Institute.

FOIL THE SUMMER BURGLAR

Summer is here and the burglar is getting out his housebreaking tools. There are six burglary, robbery and theft losses for every fire loss, according to the Association of Casualty and Surety Executives. The vacation months, when so many residences are empty and unguarded, provide ideal working conditions for the housebreaker. He does not have to be wary of sleepers who may wake momentarily and sound an alarm. He need have no fear that a dog's angry barking will reveal his presence. He can work leisurely and thoroughly.

If persons who are leaving their homes unoccupied even for a short time this summer will take the following precautions, they will add greatly to their protection and peace of mind:

1. Lock securely all doors, windows or other entrances to the house.

2. Inform the police that your house will be empty. They can keep watch on it and try the doors and windows at regular intervals.

3. Take with you or lock securely all jewelry, silverware, furs, valuable clothing and other articles easily converted into cash by a thief.

4. Be sure to suspend all deliveries, such as milk, papers, mail. A heap of newspapers or milk bottles on a porch are sure signs that a house is unoccupied.

FIRE INSURANCE GROWS CHEAPER

The annual report of the president of the National Board of Fire Underwriters points to the remarkable decline in the cost of fire insurance.

The average charge per $100 of fire insurance today is more than 40 per cent lower than at the beginning of the century. And since 1900 the decline has been uninterrupted and the average premium charged each year has been lower than the year before.

Fire premiums are naturally based on the fire loss occurring in an area. Reductions in premiums are not generally possible unless a reduction in loss is consistently recorded over a period of years. For more than three-quarters of a century, the fire insurance industry has worked on the problems of fire protection and prevention. It has covered the entire country with an elaborate system of engineering inspections of cities, towns and villages. It has tested building materials of every kind and exhaustively studied building methods. The facts produced by this work are reflected in safer materials, and in better municipal building codes. The model building code promulgated by the National Board has been widely made into law.

No industry has done or is doing more to serve the nation; to protect the lives and property of us all. It is as eager as any policyholder to still further reduce rates. And they will be reduced if every individual will do his part in the war against fire.

Lesson Sermon Of Christian Science

"The earth shall be full of the knowledge of the Lord, as the waters cover the sea." These words from Isaiah comprise the Golden Text to be used Sunday, June 27, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "Christian Science." Included among the Scriptural selections will be: "Because I will publish the name of the Lord: ascribe ye greatness unto our God. He is the Rock, his work is perfect: for all his ways are judgment: a God of truth and without iniquity, just and right is he" (Deut. 32: 3, 4).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "From the infinite One in Christian Science comes one Principle and its infinite idea, and with this infinitude come spiritual rules, laws, and their demonstration, which, like the great Giver, are 'the same yesterday, and to-day, and forever;' for thus are the divine Principle of healing and the Christ-idea characterized in the epistle to the Hebrews" (p. 112).

Boy Weighs 75 Lbs., Lands 60 Lb. Fish

Douglas Bombard, 11, of Avalon, Santa Catalina Island, who recently landed a 60-pound white sea bass with light weight tackle. The young angler's catch breaks the record of E. A. Brewster, who in 1907 caught a 53-pound white sea bass on a light tackle. Weighing only 75 pounds, Douglas caught the huge fish with a flying fish for bait and a tackle with a breaking strength of 26 pounds. The boy played the fish for 20 minutes before it was brought aboard his father's speed boat. Photo shows the young angler and his record catch.

Thrilling Events For County Horse Show

Keen competition for $10,000 in prize money and trophies is expected at the eleventh annual San Mateo County National Horse Show to be held, August 7 to 14, in the beautiful oak-shaded Menlo Circus Club in Atherton. Top show horses from the middle West and from the East as well as the Pacific Coast, valued at thousands of dollars, will compete in the tanbark ring.

There will be thrilling and exciting jumping events with scores of beautiful thoroughbred hunters and many talented jumpers competing over the stiff course of jumps. Pairs of hunters or teams of three with their riders in coats of hunting pink, handy jumpers that thrust themselves over the barriers with talent and skill, will contribute to the excitement of the show, it is said.

Showy harness horses and harness ponies driven to rubber-tired shiny vehicles competing for hundreds of dollars in prize awards, magnificent stock horses in silver mounted equipment, road hacks, polo ponies, three and five-gaited saddle horses, roadsters; these are among the entries scheduled for each of the ten performances of the show, it is announced.

FAIRNESS IMPERATIVE TO AVERT DISASTER

By J. W. MARCHBANK
Pioneer in Frontier Mining Work

William Allen White, the Kansas editor, recently told some college graduates that the crying drawback of our age is a lack of social faith. Gallantly enough, he admitted his generation is the one that inadvertently has brought the country to its present chaos.

Pointedly he said:

"You must re-organize life in your America and point your achievement toward a fairer distributive system. Abundance is here for the taking. Don't bemoan your lost frontier. It is even now flashing on your horizon."

He cautioned against defending any of the tyrannies now so prevalent in Europe, characterizing Communism, Fascism and Naziism as symptoms of greed for power. Above all, the editor stated the problem for the young people of today is to make adjustments between those who work and those who give direction to work.

* * *

Another heartening address was delivered some distance from Evanston, Illinois, where William Allen White spoke. At Wellesley, Massachusetts, Harry L. Hopkins, Federal Relief Administrator, warned a graduating class of business executives to carry on with a policy of protective spending against depression.

The federal administrator is of the opinion men in business will have to revamp many old ideas in order to keep pace with the modern trend. He asserted the depression has been stopped and that recovery has come back to the extent that production is about equal to that of 1929.

He declared he cannot accept the notion that business operates on one principle. According to his forthright statement, many business men are not clear as to what they want. He fails to see why government spending to provide work and buying power for millions whom industry cannot employ is opposed by chambers of commerce and trade associations.

He said:

"Half of the thinking of business men is based on the old viewpoint of a low standard of living in order to have more dollars to put into plants and improvements and half is based on the new mass production viewpoint with increased mass buying power as its keystone. When it comes to unemployment and relief they throw over the modern concept and cling to the old."

* * *

Hopkins had a good word for the wages and hours bill now before Congress. I have said a good deal about the proposed regulations in regard to inter-state labor and am not through yet, as it is a very vital matter at present. It is a move toward taking many men off relief.

As the Federal Administrator put it:

"The wages and hours legislation should open private jobs to many who cannot now find them. Federal and state governments already have begun to supply benefits to those who are aged or handicapped. The mass of workers must be taken care of.

"None of the plans is perfect but they represent a beginning in broadening the buying power of the American people so that it can support a sufficiently increased level of production to make important inroads into the ranks of the unemployed."

Psychologist Masters Criminal Mind

In "Blind Alley," James Warwick's fascinating drama now playing at the Alcazar Theater in San Francisco, the criminal will of a vicious gangster and killer is beaten into submission, defeated by the trained mind and straight thinking of a professor of psychology in whose home he had taken refuge with his sweetheart. Pierce Lyden (left) plays the role of the gangster; Gordon Wickland; a former lead opposite Mae West on the New York stage, portrays the role of Professor Shelby, and Margot Duse, the gangster's "moll." Sunday night performances are taking the place of the usual Saturday matinee for the run of "Blind Alley."

COUNTY VOTERS PASS PROPOSED CHARTER MOVE

Treasurer, Engineer, Tax Collector, Recorder And Coroner Returned To Vote Status

(Continued from Page 1)

With only a majority vote required for victory, the amendments must now first be approved by the state legislature to become effective.

DEPENDS ON SESSION

Unless there is a special session of the legislature called by Governor Merriam, this approval cannot be secured until 1939. Sponsors of the amendments claim that a special session is probable, but officials close to the governor have denied this.

Granting that a special session will be ordered, the method of electing successors to the present appointive incumbents will probably have to be settled by litigation, according to judicial opinions delivered by Superior Judges A. R. Cotton and Maxwell McNutt.

The petitions specify that the officers shall be elected through a special election called 20 days after legislature approval of the measure.

REVERSED IN COURT

District Attorney Gilbert Ferrell and the supervisors attacked this plan as illegal, but failed to make good their points in court, where the amendments had a stormy infancy.

Some have contended that if the legislature does not meet again until its regular session beginning in January, 1939, the vote to fill the six offices cannot be held until the next gubernatorial election — in 1942. Others, however, say that the officers could be elected at the presidential election in 1940.

The tide of voting ran heavily for the proposed amendments in the First township, where a majority of 2104 to 790 (nearly three to one) was roled up. The supervisors alternative proposal suffered a better than two to one defeat, 1963 to 796.

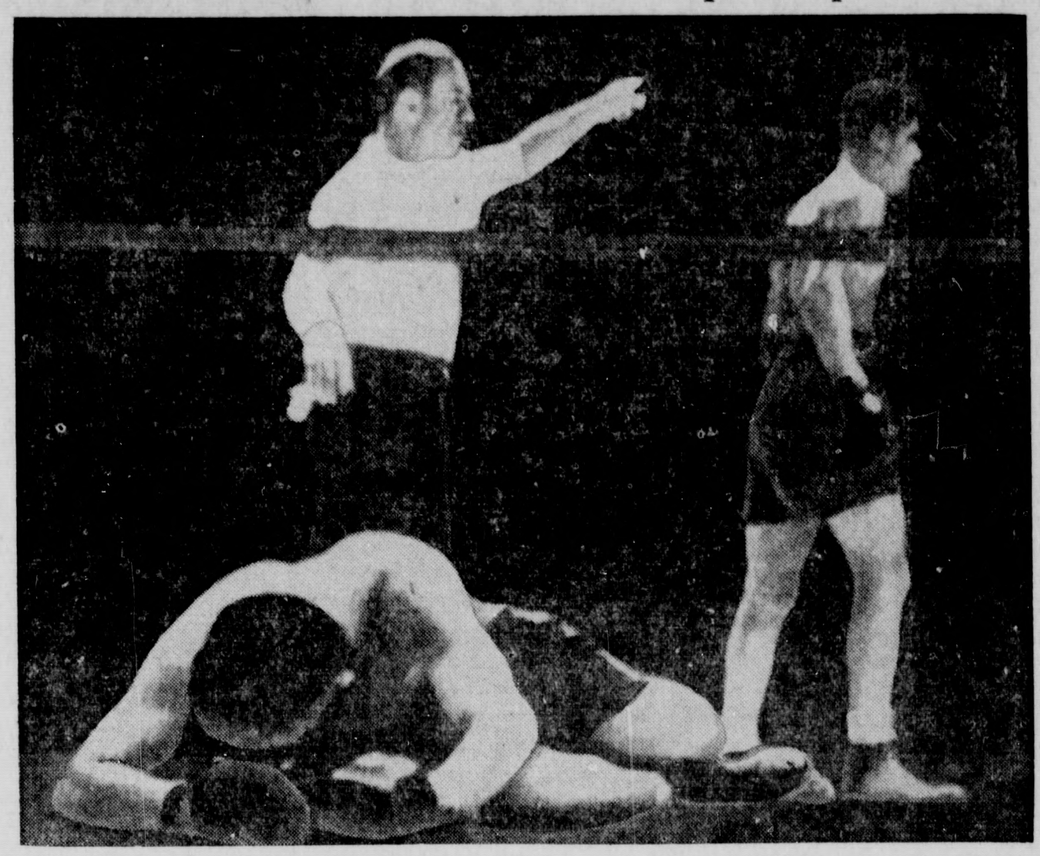
RESULTS

Below are tabulated results of the election in the First Township:

	No. 1		No. 2	
	Yes	No	Yes	No
Daly City	777	377	380	739
Bayshore City	77	14	19	63
Brisbane	86	27	30	80
Colma	139	34	38	128
Lawndale	27	7	11	27
South San Francisco	547	160	154	507
San Bruno	291	111	102	274
Lomita Park	75	28	32	69

The total vote cast was approximately 12,074. The county has about 44,300 registered voters.

Louis Defeats Braddock In Championship Bout



Knocked out in the eighth round, James Braddock, erstwhile heavyweight champion of the world, is pictured as he collapsed to the canvas while Joe Louis, the challenger, is warned off to a neutral corner by Referee Tommy Thomas. Braddock fought a terrific contest to save his title, but was no match agains the powerful onslaught of rights which Louis hailed upon him. Ten stitches were taken in Braddock's face after the bout. Both men planned future boxing dates. Braddock wants to meet Max Baer on his comeback climb andLouis wants a match with Max Schmeling, the only man who ever defeated him.

BAKED CUSTARD

(From Mrs. Osmond Schreiver)

2 cups milk, 2 eggs, 1 tablespoon sugar, ⅛ teaspoon salt, a grating of nutmeg. Beat eggs slightly, add sugar, salt and milk. Mix well. Pour in well buttered custard cups. Grate nutmeg over top. Set in pan of water. Bake in moderate oven until firm. Any flavoring desired may be used. Serve cold in cups in which they are baked.

This recipe is a dainty dish to set before convalescents or invalids as well as hale and hearty persons.

COUSIN MARIA'S FILLED COOKIES

(From the Farmer's Wife)

1 cup sugar, ¾ cup shortening, 1 egg, ½ cup sweet milk, 3 1-2 cups flour, 2 teaspoons baking powder, 1 teaspoon vanilla.

Roll thin, put on each ½ teaspoon filling and cover with another cookie, pressing down the edges with the tips of the fingers. Bake in a moderate oven until nicely browned.

Filling

½ cup raisins, 1-2 cup dates, 1-2 cup sugar, 1 cup water. Cook until raisins are tender, then thicken with 1 teaspoon of cornstarch. Minute tapioca may be used, adding to the mixture before cooking 1 teaspoon of this ingredient.

Any favorite filling may be used in these cookies. Thick blackberry jam makes a pleasant variation.

MUSEUM SHOWS FINE GROUP OF ILLUSTRATIONS

Exhibit Proves Miniature Survey Of General Modern Art

(Continued from page 1)

"This exhibition may be studied as a miniature survey of modern art in general. Many people still believe that modern art is or should be non-literary; that the best modern painters feel not mere timidity but repugnance in regard to the pictorial treatment of dramatic or poetical subjects.

"In this exhibition we have evidence that the great men of modernism themselves, even cubists, have not consistently held this opinion, nor felt any real repugnance to the forbidden themes. On the contrary, with obvious enjoyment, they have welcomed opportunities to try their skill at legend and symbol and sentiment, adapting their style to new uses, if necessary, and accepting whatever restrictions complex subject matter may impose," said Mr. Wheeler.

The exhibition contains original drawings, proofs for illustrations and pages from rare books, a delight for the bibliophile as well as for the art connoisseur. The material is installed in unusual fashion. Instead of showing books opened so that only two pages may be seen the pages have been removed and placed on the walls so that an adequate idea of the entire book may be obtained.

Art enthusiasts will be surprised to discover in the role of illustrators, artists who are known almost exclusively as painters and sculptors. And the enrichment which these great artists have brought to literature greatly adds to their stature. A few examples are: Picasso's etchings for Ovid's "Metamorphoses" and his etchings and wood engravings for Balzac's "The Unknown Masterpiece;" Maillol's lithographs and woodcuts for Ovid's "The Art of Love," his woodcuts for Virgil's "Eclogues," and his etchings for Ronsard's poems; Rouault's magnificent color etchings for his own book, "The Circus of the Flying Star," and his copper engravings for his books, "Miserere" and "War;" Matisse's etchings and drawings for James Joyce's "Ulysses" and Mallarme's poems; Segonzac's etchings for "Bubu of Montparnasse" by Charles Louis Phillippe; Derain's line engravings for Petronius' "Satyricon" and his lithographs for La Fontaine's "Fables;" Dufy's wood engravings for "The Bestiary" by the great contemporary poet Apollinaire; Bonnard's lithographs for "Daphnis and Chloe" and for "Parallelement" by Verlaine; Edy Legrand's aquatints for "The Song of Songs."

The American work in this group includes Rockwell Kent's famous drawings for "Candide" and "Moby Dick;" Charles Demuth's watercolors for Henry James' "The Turn of the Screw;" Bordman Robinson's drawings for Dostoyevsky's "Brothers Karamazov" and "The Idiot;" Alexander Calder's drawings for "Aesop's Fables;" Grant Wood's crayon drawings for "The Farm on the Hill" by Horn; and Hugo Gellert's lithographs for "Capital" by Karl Marx.

S. F. State College Gives Post Session

San Francisco State College, Buchanan street between Haight and Herman streets, is offering a post session, August 2 to August 21. This three week session will be the equivalent of a four week course as it allows four unit credits. A wide range of study will be available. Classes will meet six days a week but less than four hours per day.

Teachers and interested students are asked to register early as the post session is a new experiment on the part of the college and the registrar is anxious to determine probable attendance to such a course.

Students may register for the post session along with the full six week session or with either of the three week sessions, thus acquiring a maximum of ten unit credits for the summer.

EXPECT STATE FAIR TO EXCEL FORMER RECORD

California Event To Be In Session September 3 To September 12

(Continued from page 1)

gram, the following announcement was made to agricultural organizations: California produces what no other state can. This alone is sufficient reason to build a greater state fair. In line with this thought, it is believed that the state fair soon can be placed on the standard of a world exposition.

THEME SONG

After considerable study, the song, "I love You, California" has been selected as the theme of the 1937 fair.

Much work has been done to provide grounds, improvements, greater beauty, additional benches, new comfort stations and the planting of full grown trees.

The fair days are September 3 to 12. The California Fair is the second largest state fair in America.

TO HOLD WHIST

Court of St. Mary, Catholic Daughters of America, will hold their next whist party, Thursday, July 1.

Mrs. Evelyn Weckerle is chairman for the event.

PROVIDE SUMMER PLAY FACILITIES FOR D. C. YOUTH

John Matthews Is Serving As Supervisor Of Playfield

(Continued from page 1)

the Board of Education and the city council.

The same type of program was initiated last year and proved highly successful, with large attendance and no accidents reported for the entire period. Matthews served as director last year.

The city council provides the salary for the director and the Board of Education has opened the high school grounds to the children and supplied playfield equipment.

Principal James Ferguson said, "This summer recreation program is the finest investment in the line of child welfare that this community has ever made."

EXPERIENCED

Matthews is well qualified. He studied at both Anapolis and Washington State and has displayed unusually fine ability in the handling of child recreation, according to the board.

No age limit has been imposed; all children of the community are invited. Football, baseball, tennis, basketball, softball, volleyball, tumbling and stunts are among the features of the program. One of the greatest values of organized play is that children learn to play the game according to rules and in harmony.

The recreation program will continue until the opening of schools in the fall with activities under way six days of each week.

Suffers Severe Burn

Mrs. War Krum, 247 Vista street, was suffering this week from a badly burned left hand received late Saturday of this week while cooking the dinner roast at her home. She was treated at Junipero Serra Hospital.

LOCAL COUPLE MARRY

Miss Esther Durbin and Herman Lorenz, both of Daly City, were married, June 6, at Our Lady of Perpetual Help Church, with Father Doyle officiating.

Miss Alice Lorenz was maid of honor and Louis Durbin was best man.

The couple enjoyed a honeymoon to Lake Tahoe and Idaho. They are making their home in San Francisco.

On TUESDAY, JULY 20, 1937, at 2 o'clock p. m. at the front entrance to Number 300 No. Park View Avenue, in the City of Daly City, County of San Mateo, State of California, BAY VIEW AUXILIARY CORPORATION, a corporation, substituted trustee, will sell at public auction to the highest bidder for cash, in lawful money of the United States, the following described property situated in the City of Daly City, County of San Mateo, State of California, described as follows, to-wit:

Lot Number one (1) in Block Number twelve (12), as shown on that certain map entitled "Map No. 1 Vista Grande, San Mateo Co., California," filed in the office of the County Recorder of San Mateo County November 5th 1906 in Book "C" of Original Maps at page 35 and copied into Book 4 of Maps at page 41 thereof.

Said sale will be made to satisfy the obligation secured by and pursuant to the power of sale conferred in a certain deed of trust executed by JOSEPH E. MORRIS and ELIZABETH MORRIS, his wife, to HARRY ESPOSTO and ALFRED BOTHE, trustees, for the benefit and security of BAY VIEW BUILDING & LOAN ASSOCIATION, a corporation, dated January 16, 1929 and recorded January 21, 1929, in the office of the Recorder of the County of San Mateo, State of California, in Volume 397 of Official Records, at page 51.

Notice of breach of said obligation and election to sell said real property was recorded on the 22nd day of January, 1937, in the office of the Recorder of the County of San Mateo, State of California, in Volume 723 of Official Records at page 226. This notice is given in compliance with the demand heretofore made on the BAY VIEW AUXILIARY CORPORATION, a corporation, substituted trustee, by BAY VIEW FEDERAL SAVINGS AND LOAN ASSOCIATION, a Federal Corporation, formerly BAY VIEW BUILDING & LOAN ASSOCIATION, a California Corporation.

Dated: June 22, 1937.

'CHAMP' WAR ADMIRAL HAS FILLY IN PATH

By J. W. MARCHBANK

With the victory of the filly Dawn Play in the American Derby the other day fans are beginning to realize her importance. It is nothing unusual for a good three year old to turn up during the course of a season but when one of each sex appears the same year it is something altogether unusual. Plenty has been written about the champion War Admiral and reams will be used up in telling of the high merit of Dawn Play.

Everyone recalls that sons and daughters of Man o'War, sire of War Admiral, have been competing in stakes for many years, but only last year did the progeny of Clock Tower, sire of Dawn Play, begin to contest out on the big tracks. Clock Tower was foaled nine years ago and was quite a performer himself.

One thing is worth noting. War Admiral is a small horse, standing fifteen hands, two and one-half inches, while Dawn Play is almost a giantess, measuring seventeen hands by the standard. Of course there are other factors in the decision of victory, such as the mental and abdominal, and just because the filly takes a longer stride than the little son of Man 'oWar does not mean she can beat him, with weight up, and at a testing distance.

The filly can boast of having the blood of Man o'War in her pedigree, too, but on the distaff side. The big brown miss is from a mare by the name of Gun Play, which, as the name indicates, is a daughter of Man o'War. It is a remarkable circumstance that right now not only is Man o'War, after a partial eclipse of several years, taking the center of the breeding stage, but a number of his sons and daughters are also doing worth while things.

Dawn Play defeated the best of her own sex and age in the Coaching Club American Oaks at Belmont Park and went right on to vanquishing colts of a bit of class in the American Derby at Washington Park. The question on every lip at present is:

Can the filly put up a battle against the apparently invincible War Admiral?

section. An overhead lighting system is also contemplated.

HILLCREST DRIVE

Widening work on Hillcrest drive from Mission street to Mission circle is nearing completion. Paving of the three foot strip on each side of the street has been finished. New curbs and gutters have been poured.

The widening of Hillcrest drive a total of six feet will solve the traffic congestion problem which has existed at that point for several years.

In connection with the widening project a new porcelain public drinking fountain was installed to replace the old one on the north corner of Mission street and Hillcrest drive.

"Millionaire Prospector" Is On Coast Vacation

Rocketed from desert storekeeper to multi-millionaire, George Austin of Jungo, Nev., is pictured with his wife as they recently dined in San Francisco while on a short rest visit. Two years ago Austin borrowed $500 for a down payment on a "five foot hole in the ground." He recently sold his mine to two Texas capitalists for $10,000,000 with the understanding that they fight a law suit for him. The mine was threatened by litigation over titles. He received $250,000 with a thirty-five year period to complete payment. After his California vacation, Austin will return to Nevada.

Health Code For Vacation Driving

How to keep fit on a long motoring trip is told in a health code for motorists prepared by the United States Public Health Service. Advice offered by the code includes:

Don't slump in the seat, as this causes the back to become tired and to ache.

Don't grip the wheel too tightly or hold the body tense. This produces nerve strain and may cause the driver to falter when quick action is required. Be attentive yet relaxed while driving.

Avoid eye-strain. Don't stare ahead, but get the eyes accustomed to an easy, restful position.

Drive slowly over rough roads. Relax when taking the bumps, as injury may be caused by hitting the roof while sitting stiffly upright.

Have foot pedals adjusted to a comfortable position so as to avoid stretching or straining legs to operate them.

Take rest intervals to avoid fatigue. Maintain a steady driving pace and avoid spurts or driving at high speed.

Eat sparingly while driving, particularly in hot weather. Fruit juices and plenty of water, cool but not ice cold, are beneficial.

Don't drink from roadside streams or wells unless they are posted as safe by health authorities, or unless the water is boiled.

California auto license plates issued in 1938 and 1939 will carry a slogan boosting the 1939 Golden Gate International Exposition.

WILL CELEBRATE ANNIVERSARY OF MISSION SAN JUAN

Sunday, June 27, Is The Date Set For Historic Pageant

Quaint old San Juan, San Benito County's attractive center of historic interest, has completed arrangements for its most elaborate annual pageant next Sunday, June 27. It will be the occasion for celebrating the one hundred and fortieth anniversary of the founding of Mission San Juan Bautista, and the celebration for this year has been planned with the idea of reaching new heights in inspiring pageantry and sports innovation.

There are two distinctively outstanding attractions in prospect for the throngs expected from all parts of the state. One is the presentation of the spectacular romantic drama, "Dolores of San Juan," in the Mission's picturesque outdoor theater. More than 100 artists will appear in this production, of which there will be two performances, one at 3 o'clock Sunday afternoon and the other Sunday evening, beginning at 8.

The second outstanding attraction of the day will be a horse show, novel for the fact it will revive, for the first time in decades, horse games played in the vicinity about a century ago, when Old Mexico ruled California. The climax of this particular innovation will come in the form of a 3-mile cross country race with what promises to be a thrilling finish on the Mission polo field. Another unusual feature of this horse show will be the exhibition of several rare palomino stallions from the famous Los Prietos Rancho near Santa Barbara. These animals are valued at $5000 each and are said to be among the worlds most beautiful horses. Adding a dash of the heroic in modern day horsemanship will be the mounted posse of Sheriff Daniel C. Murphy of San Francisco, 22 strong.

The opening event of the pageant will be a parade, which will get under way at 11 o'clock in the morning, and in which will appear only vehicles and trappings in vogue back in the pre-automobile days. Starting at noon and lasting until 1:30 p. m., there will be an old fashioned barbecue.

As usual, the proceeds of all the attractions at this Mission fete will go toward further restoration work on the venerable buildings of the noted religious center.

RACING WITH TRAINS

The old adage, pick on someone your own size, is excellent advice to the motorist who feels inclined to race a locomotive to a crossing, it is suggested.

For, last year, 127 persons staked their lives and lost in a reckless game of chance at California railroad crossings.

With many of the fatal accidents occurring on unobstructed crossings, the deceptive speed of a fast moving train is a logical explanation for the large number of deaths last year.

A fast passenger train may travel a thousand feet in a little more than eight seconds, or about the time it takes a motorist to shift gears and get his car rolling. While a train speeding along at this rate might seem a safe distance away, actually it is perilously close to the crossing.

Increase Case Load For Pensionnaires

The old age pension bill signed by Governor Merriam recently and increasing pension payments to $35 per month will cost San Mateo County more than $2200 monthly, it was announced this week.

The raise represents a boost of $4 per month for each of the 550 old age pensionnaires. This case load is expected to be increased by a clause in the new bill making it unnecessary for pensionnaires to have liens put on their property.

Another provision of the bill permits recipients of the pensions to receive in gifts or outside income $15 per month without deduction from their pensions.

The bill, which will not go into effect for several months, also raises the minimum to be paid blind aid cases to $50, but this will have little effect on the county relief costs since there are only fourteen such cases here.

BRAKE DRUM DAMAGE

Damage to brake drums is a frequent result of neglecting to have brakes relined before the lining wears through to the rivets, according to the emergency road service of the California State Automobile Association. If rivets are allowed to come in contact with the drum, deep scratches or scoring may result and require truing up or replacement.

PLUG PORCELAINS

Spark plug porcelains should be kept clean, but should never be scraped with a knife or other sharp instrument.

Porcelains should be wiped with a rag saturated with kerosene or gasoline, or given attention at a service station with equipment for this particular work.

Colma News Notes

Mr. and Mrs. Ed Saliou of Station avenue were hosts to a group of friends at a barbecue held, Sunday of this week, at San Anselmo. Guests were Mesdames B. Capurro, C. Chizelli and Joseph Rossi.

Mr. and Mrs. H. L. Remington and family of Railroad avenue motored to Santa Cruz, Sunday of this week, where they spent a delightful Fathers Day visiting with both Mr. and Mrs. Remington's parents, Mr. and Mrs. F. E. Burns, and Mr. and Mrs. H. L. Remington Sr.

Miss Linda and Mel Bianchi of Cook street, San Francisco, were guests, Monday of this week, at the home of Miss Clara Valarino on Station avenue.

Miss Albina Armanino of Station avenue, who has been confined to her home the past week, is reported improving rapidly.

Mr. and Mrs. Angelo Rovere and daughter, Miss Stella, of Briggs street, accompanied by Mrs. Jennie Boicelli and son, Angelo, motored across the Golden Gate Bridge, Sunday of this week, to attend a picnic given by the Accordion Club at California Park.

Mrs. H. L. Remington and family of Railroad avenue were guests, Tuesday afternoon of this week, at the home of Mrs. N. Wedemeyer in San Bruno. Mrs. Wedemeyer formerly resided on Moltke street, Daly City.

Mrs. F. Fontana of Station avenue has been confined to her home the past week with illness. She is reported getting along nicely.

Daughters of the V. F. W., Old Glory Post No. 2044, were escorted to Sutro Baths, Wednesday morning of this week, by Mesdames S. Greenstein, Viola Dillon and Eileen Lehigh, where they spent an enjoyable day swimming and visiting the concessions.

Miss Leola Branscum of Mission street became the bride of Jerry Eisner of San Francisco, Saturday morning of last week, at a wedding ceremony held in San Francisco. Only a few close friends and relatives were present. The young couple plan to make their home on Seventeenth street near Guerrero in San Francisco.

Miss Lorraine Lavagnino of Clara street was guest of honor at a graduation party held, Thursday evening of last week, at the home of her parents. A number of lovely gifts were received by the young lady. Following an evening of entertainment, refreshments were served to 22 guests.

Mrs. A. Conserva and Mrs. Dorothy Olliotti, delegates of Cypress Circle, left, Monday of this week, to attend the annual convention of the United Ancient Order of Druids, which is being held in Santa Cruz. They plan to return, Friday of this week.

Misses Alma and Betty Camenzind and Alvina Jost were the guests of friends at the final showing, Saturday evening of last week, of Idiot's Delight in San Francisco.

Miss Elaine Willis of California street, San Francisco, was treated at the Junipero Serra Hospital, Sunday of this week, for a severe case of food poisoning. A pump was applied to wash out her stomach, after which the patient returned home.

Harold Callan, aged 4, of A street, Colma, was injured slightly, Sunday of this week, when he was knocked down near his home by an auto which was being backed from a garage. The lad was taken to the Junipero Serra Hospital where x-rays failed to reveal any broken bones.

L. O. Carlson, 23, of San Carlos was taken by ambulance to the Junipero Serra Hospital, Wednesday of this week, in a serious condition after losing control of his automobile and plunging down an embankment on the Skyline boulevard near Sharp Park. The youth is confined to the hospital with a broken nose, lacerations of the face, and concussion.

The celebration of three different occasions was participated in by a group of relatives and friends, Sunday of this week, at the home of Mr. and Mrs. C. Benedetti on Clara street. It was the fifteenth wedding anniversary of Mr. and Mrs. Benedetti, the birthday of Mrs. Benedetti's mother, Mrs. H. Siemund, and Fathers Day. Those present were Mr. and Mrs. H. Siemund, Mr. and Mrs. Hubbard, Mrs. E. Waldau, Mr. and Mrs. F. Heinzle, Leo Kusber, Robert Dennis and Mr. and Mrs. C. Benedetti.

Local Girl Weds Sunday Afternoon

At a colorful wedding ceremony, Sunday afternoon of this week, at Holy Angels Church, Miss Anita Scramalgia, daughter of Mr. and Mrs. Louis Scramalgia of A street, became the bride of Pat Gillespie of San Francisco.

The bride was given away by her father Louis Scramalgia with Father John Marchesio conducting the ceremony.

She was attired in a gown of white satin with a long train. A tulle veil was held by a bride cap of lace with a spray of orange blossoms. She carried a sheath bouquet of lilies of the valley and orchids.

Attending her were her two sisters Mrs. Inez Klemme, matron of honor, who wore a pink taffeta gown with puffed sleeves and poke bonnet to match, and Miss Dolores Scramalgia, brides maid, who was attired correspondingly in pale blue. Both carried old fashioned bouquets of blue delphinium and pink tuberous begonias.

The groom was attended by his brothers Charles Gillespie, best man, and Martin Gillespie as usher. During the ceremony, Edward Gillespie acted as soloist with the rendition of Ave Maria.

A reception was held later in the evening at Happy Go Lucky Hall on Mission street for a large number of friends and relatives.

Upon their return from a week honeymoon trip through Southern California, the young couple will make their home on Niantic avenue, Daly City.

LESS ASPARAGUS

The asparagus industry board this week announced that the packing season, under the marketing agreement, for canning asparagus in California ended on June 20. The final pack figures were 2,070,560 cases compared with 2,349,661 cases last year.

The man made site of the West's Worlds Fair in 1939 has been named Treasure Island.

Giant Tower Started For World Fair

Due to rise from Treasure Island in San Francisco Bay like a giant needle, dwarfing Yerba Buena Island, the 400 foot central tower construction for the 1939 Golden Gate International Exposition was launched this week.

Contracts for the tower and four surrounding pavilions totaling $491,753 have been awarded.

NEW PATTERN IN BAY

Etching a new pattern in the bay skyline, the top of the tower will soar 57 feet higher than the crest of Yerba Buena, which is 343 feet above the water.

OTHER CONTRACTS

Other Exposition construction contracts already awarded on which work is being sped are: International Palace and Palace of Fine and Liberal Arts, $736,000; administration building, $677,000; structural timber framing of main palace group, $1,181,544; ferry slips and terminal building, $560,676; first unit of highway system on Yerba Buena Island, $88,913; water supply line from San Francisco to Yerba Buena, $113,033.

Dim Headlights To Avoid Accidents

Dimming of headlights as a courtesy to other motorists and as a means of avoiding night accidents, was urged today by the chief of the California Highway Patrol.

Pointing out that the human eye responds quickly to bright light, but more slowly to darkness, it was stated that all drivers should appreciate the danger of driving with headlights shining into the eyes of other motorists, when the means of dimming is so easy.

When meeting a car with glaring headlights our eyes contract to mere pin-points and when we pass the lights our eyes open very slowly leaving us virtually blind for a dangerous interval.

If we are blinded by the other fellow's lights we should know we are also blinding him and endangering others as well as ourselves. Cars are equipped with headlight dimming devices which should be understood and used.

Two of the exhibition palaces at the Worlds Fair will become permanent hangars for a super metropolitan airport when the 1939 Exposition at San Francisco closes.

Bermuda - 'Frisco Thru Airway Opens

Through international air service between San Francisco and Bermuda was announced recently by the district traffic manager of United Air Lines, who stated that regular service between here and Bermuda was jointly opened Wednesday of this week by United, Pan-American Airways and Imperial Airways. It will be possible, he said, to leave here at midnight and lunch in Bermuda on the second day.

The eastbound schedule provides for a night lay-over in New York, the Bermuda flights starting from the Port Washington, L. I., seaplane base. These will include two round trips weekly between New York and Bermuda, one flown by the Pan-American "Bermuda Clipper" (32 passengers) and the other by Imperial's Cavalier flying boat.

Returning passengers from Bermuda have breakfast there and arrive in San Francisco at the breakfast hour the following morning. Direct connections are made at New York with United Mainliners for San Francisco.

FAIR CONSTRUCTION

Construction crews, Wednesday of this week, began erection of new horse and stock barns, an additional grandstand unit, stalls, parimutuel booths and other buildings in preparation for the Sonoma County fair which opens at Santa Rosa, August 10.

The local merchant can increase his business and keep purchases at home by advertising in The Record.

Exhibits Are Set For Science Hall

Chemical farms, microbes in harness, transformation of refuse into useful articles.

These are but a few of the features being planned for the Hall of Health and Science of the 1939 Golden Gate International Exposition.

The director of the hall intends to dramatize scientific research so it will graphically unfold to the layman what great strides science is making in all its phases, and how it may be expected to revolutionize the future.

One of the exhibits being planned will demonstrate the feasibility of city dwellers raising their own garden truck on the roofs of their houses.

There are five or six chemical farms operating commercially in California already. Water, not earth, is used as the growing medium. Seeds are placed in the chemically-treated water and abundant crops follow, surely and inexpensively. There are no crop failures on a chemical farm.

COLLISION TOLL

More than a third of all motoring accident fatalities are caused by collisions. About 17 per cent of deaths are from collisions between two cars; 20 per cent from collisions between a motor vehicle and some fixed object.

SENSITIVE STEERING

Steering apparatus on late model cars is much more sensitive and efficient than on the older models, according to the California State Automobile Association. Consequently, improper wheel alignment, looseness, and similar conditions are more likely to cause steering trouble.

EFFICIENT COIL

A coil or condenser which is not performing perfectly should be replaced.

These units are not expensive and if below required standards they may cease to function without warning. They should be tested at regular intervals.

A World Poultry Congress will be held in San Francisco in 1939 in conjunction with the 1939 Golden Gate International Exposition.

Notice Of Sheriff's Sale

Merchants Assn. Has Planned Sunday, Holiday Closing For Many Months

(Continued from page 1)

as the First of January, Memorial Day, the Fourth of July, Labor Day, Thanksgiving Day and Christmas Day.

The provisions of this ordinance shall not apply to places of business which on any Sunday, or holiday, keep open hotels, boarding houses, lodging houses, restaurants, retail drug stores, confectionery stores or ice cream parlors, liquor stores, bars, newspaper or periodical agencies for the legitimate business of each; provided that in case any one or more of the excepted types of business is carried on in some room with any business coming within the purview of the ordinance and required to be kept closed on Sunday or any holiday. the part of the room in which such excepted business is carried on shall be separate and set apart from the business required to be closed.

When Christmas or the First of January falls on a Monday, the places of business may remain open the preceding Sunday.

Any establishment which shall violate any portion of the ordinance shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine not exceeding one hundred dollars ($100.00), or by imprisonment for a period not exceeding thirty (30) days, or by both such fine and imprisonment.

Unlike the recently passed San Francisco ordinance, effective July 1, 1937, closing all food stores on Sundays and holidays, the Daly City proposed ordinance contains no provision for week day closing hours. General sentiment, however, favors 7 a. m. to 7 p. m. operation.
